Profile

As a dynamic Front-end Developer, I have honed my expertise in key technologies including HTML/CSS, JavaScript, React, Next.js, Tailwind CSS, Node.js, Typescript, REST API, Postgres, SQL, MongoDB, AWS, and Java. My passion for enhancing software performance and my adeptness at seamlessly integrating web APIs distinguish my skill set. I bring a wealth of experience collaborating with international teams, and navigating diverse cultural landscapes effortlessly. My commitment to prioritizing user-centric solutions and consistently striving for technical excellence is unwavering. Poised to immerse myself in the German tech ecosystem, I am enthusiastic about contributing to the elevation of software solutions to global standards.

Key Skills:

Front-end Technologies: Proficient in React, Next.js, and Tailwind CSS to build interactive and responsive user interfaces.

Build Tools: Experienced in using Vite.js for efficient and fast application development.

Back-end Development: Skilled in working with Node.js, Express.js, and MongoDB to create robust server-side applications.

API Integration: Capable of integrating and working with various web APIs to enhance application functionality.

Professional Experience

Frontend Web Developer, *TECHIT Software Solutions*

01/2023 – present

Lagos, Nigeria

- Experienced in JavaScript, TypeScript, ReactJS, CSS, and related frameworks.
- I prioritize user-friendly, high-performance web applications.
- Hands-on with Webpack for streamlined and efficient development.
- I work seamlessly with diverse teams, managers, and stakeholders.
- Fluent in verbal and written communication skills, enabling clear and concise expression of ideas, requirements, and project updates.
- Strong analytical skills for strategic problem-solving.
- Experience in implementing tracking, Google Tag Manager (GTM), and third-party integrations, enhancing applications with advanced functionalities.
- Exposure to micro front ends, showcasing adaptability to varied architectural paradigms. Additional experience with Design Systems.
- Proficient in various development languages.
- In-depth knowledge about engineering practices that lead to writing well-tested, quality code. Prioritizing code quality and maintainability for long-term project success.
- Experience with AWS, Docker, and Kubernetes.

Web Developer, *CoverApp Digital*

02/2020 – 12/2022

Kyrenia, North Cyprus

- Designed user-friendly and visually appealing user interfaces to enhance the overall user experience.
- Worked well independently and within a team of 5 developers.
- Worked closely with the UI/UX team and translated Figma designs into fully responsive user interfaces.

- Utilized React to create a single-page application that improved page load times by 50%.
- Optimized web page loading times by 30%, improving user experience and engagement.
- Developed a responsive website for an e-commerce company that increased user engagement and page load times by 30%
- Collaborated with cross-functional teams to identify customer requirements and develop technical solutions.
- Integrated APIs and third-party services to expand the functionality of the apps and improve user engagement.
- Developed full-stack web applications from scratch, including back-end services, front-end interface, and database

Junior Frontend Developer, First World Connect Ltd

01/2017 – 08/2019
Lagos, Nigeria

- Successfully identified, diagnosed, and fixed website problems, including broken links, typographical errors, and formatting issues.
- Helped to achieve a consistent look and visual theme across the website by promoting uniform fonts, formatting, images, and layout.
- Worked to assess competing websites regarding content, look, and feel.
- Working closely with our product UX team to find practical and efficient solutions to complex problems.
- Developed a secure, interactive web application with a modern front-end framework and an intuitive user interface

Education

Bachelor of Science Computer Science, Tansian University Umuoya

07/2010 – 09/2014
Umuoya, Nigeria

Graduated with Honors.
Second Class Upper Division with a GPA of 3.63.
The equivalent is 2.013 in German GPA
